Alcatraz Power-Barriers

Intelligent Security Electrified Palisade Fencing

Welcome to Alcatraz a South African security company.

- Electrified: Dual-Fence
- Electrified: Wall-Top Fence
- Electrified: Sliding Gates
- Electrified: Pedestrian Gates
- Electrified: Wall-Spikes
- Standard Palisade Fencing
- DIY kits to Business Partners

Alcatraz Electrified Palisade products boasts an array of facilities, each with a wealth of features, which are designed to support from the very basic to the most demanding needs, where previously only customised application software existed.

State of the Art Isolators

New-Age Class One fire retardant Isolators (1200 degrees), via a 3mm Stainless Steel plate for connectors are used for continuity in the installation process.

Alcatraz Corporate and Private Finance

We provide finance options, such as: Monthly Rentals, On and Off balance sheet finance options.

Stainless Steel, Hot dip Galvanized, Mild Steel Painted, or Powder-Coated

Electrified Sliding Gates

Our New-Age design and configuration usually a 600mm Top section and a 1800mm Bottom section, separated by a 50mm gap.

The top section of the Dual-fence is permanently charged with 10,000 non-lethal pulsing volts at one-second Intervals.

Applications:

- Mining Companies • Military
- Prisons • Refineries • Airports
- Property Developers
- Golf Estates & Resorts
- Residential Homes

Alcatraz-Fist® Intrusion Detection and Energizer Communication

- Full Control & accountability
- All events recorded
- Wireless Sensors
- Power on Demand
- Stand-Alone system
- Solar Powered
- Graphical user Interface
- A multiple of TCP/IP Internet
- Synchronized Energizers
- Access & control via
 - Mobile Phones • PDA'S
 - Internet Access
