A vertical advertisement for Powerplastics. At the top, the logo features a stylized 'P' inside a dark oval. Below the logo, the text 'POWERPLASTICS' is written in a bold, sans-serif font, with 'poolcovers' in a smaller font underneath, flanked by two horizontal lines. The middle section shows a close-up of water with many bubbles. Below that is a photograph of a blue safety cover installed on a swimming pool. At the bottom, the text 'SOLID SAFETY COVER' is written in a bold, sans-serif font. Below this, a thin horizontal line separates the text 'SIMPLICITY OF DESIGN AND EXCELLENCE IN ENGINEERING TO CHILD-PROOF YOUR POOL' from the rest of the ad.

# BENEFITS

## Safety Proof

Make your pool child safe by using the latest PowerPlastics Solid Safety Cover. Used extensively in Europe, this safety cover, when used correctly, will secure your pool from children and dogs.

## Simplicity of Design

The PowerPlastics Solid Safety Cover makes use of the best blend of simplicity of design, coupled with the best of engineering to create a safety cover which is leading the field in pool covers.

## Ease of Operation

The Solid Safety Cover is designed in such a way that it can be simply, quickly and easily installed. No need for hooks and eyelets anymore!

## Childproof Locking System

The Solid Safety Cover has a lockable strapping system making it totally secure against any attempt to release the cover.

## Aesthetics

The new Solid Safety Cover is appealing and does away with the need for hooks and eyelets, making the pool surrounds safer for playing children and more pleasing to the eye.

## Reduces Water Evaporation

In a country where water is precious, a covered pool can save up to 90% of water normally lost through evaporation.

## Cleanliness

A covered pool will help in keeping out dirt, leaves and other wind borne debris and so contribute to a cleaner pool, which in turn is easier and cheaper to maintain.

## CUSTOMER COMMENTS

- *"Our grandchildren are arriving for Christmas and we need a pool cover that is safe but easy to use. The solid safety cover does away with a multitude of hooks and eyelets and is much easier to access our pool."*
- *"With small children and no fence, I need a solid safety cover for security and peace of mind."*
- *"The appeal is that I can get the cover on and off easily. My neighbour has the hooks and eyelet system and he moans like mad and he hardly swims.."*
