

CreteCare Mop&Shine Datasheet

August 2019

Page 1 of 1

Self-shining, wax-based, manual floor maintenance cleaner for all previously polished concrete floors as well as water-resistant floor coverings such as natural and artificial stone, vinyl, PVC, linoleum, rubber and parquet, etc.

Purpose

Mop&Shine is a mild, neutral pH detergent system (cleaner / gloss restorer) that does not damage the floor polish. **Mop&Shine** leaves a thin, slip-resistant layer / film of wax that dries bright and is repolishable. **Mop&Shine** contains a selection of non-ionic and anionic surfactants, waxes, as well as proprietary preservatives to extend the product's shelf life.

Applications

- Apply as a maintenance cleaner / gloss restorer on all surfaces where an acrylic polymer type floor polish was applied
- Apply to the floor surface, using a mopping system. **Mop&Shine** can be buffed / burnished after drying, to further enhance the gloss
- Apply more frequently in high traffic areas
- Suitable for interiors only

Dilutions

1. Regular / Routine Cleaning dilute **Mop&Shine** UP TO 1:4 with water
2. Intermediate Cleaning dilute **Mop&Shine** UP TO 1:2 with water

Storage

Store between 10°C to 38°C. Use within 12 months of purchase.

Packaging

Available in 5 litre containers.

Properties

Physical state	Liquid
Appearance	Pink
Specific gravity (density)	0.85 - 0.9g/cm ³ at 20°C
Solubility	Soluble in water
pH value at 20	8.00 - 8.50
Odour	Lavender
Boiling point	100°C

Safety Precautions

May cause irritation to eyes and skin.

Toxic to aquatic organisms – do not release into environment or waste drains.
